1 How much is it?
   It's 2 dollars.

2 How _____?
   _____ 20 _____.

A Read and fill in the blanks.

bar   graph   voted   compare   information

Which FREE TIME ACTIVITY Do You Like?

Brian and his class _____ for their favorite free time activity. Six children voted for skateboarding, eight children voted for playing video games, and four children voted for reading books. Only two children voted for knitting things.

Can they show this data in an easy and simple way? A _____ will help them because it shows _____ in a picture.
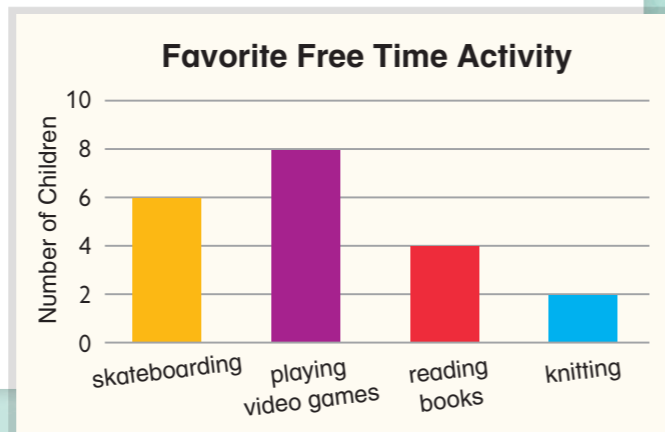

First, they can make a chart to record data as below.

Favorite Free Time Activity			
Activity	skateboarding	playing video games	reading books	knitting
No. of Children	6	8	4	2

Then they can show the data from the chart using a _____ graph. Look at the graph. It has the kinds of free time activities on the bottom and the number of children on the left side. Each bar tells how many children like that activity. Bar graphs help to _____ data. This graph shows that most children like playing video games in their free time.

Favorite Free Time Activity

B Read and check ✔ True or False.

	True	False
1 A graph shows information in a picture.	☐	☐
2 A graph is a difficult way to show data.	☐	☐
3 Bar graphs use the same heights of bars.	☐	☐
4 Bar graphs help to compare data using bars.	☐	☐

C Look, read, and circle.

Favorite Free Time Activity

1 This is a _____ of Brian's class' favorite free time activities.
   a chart   b pie graph   c bar graph

2 It has the kinds of free time activities on the _____.
